

WHY VACCINATE?

PRETEENS AND TEENS NEED VACCINES TO...

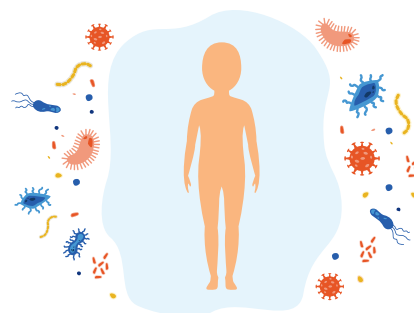

**TEACH THE IMMUNE SYSTEM HOW TO
RECOGNIZE A VIRUS OR BACTERIA SO THEIR BODY KNOWS
HOW TO RESPOND IF THEY ARE EXPOSED TO THE GERMS.**

**PROTECT THEM FROM GERMS
THAT CAN SPREAD EASILY
PERSON TO PERSON.**

**HELP THE IMMUNE SYSTEM
BUILD UP ITS OWN LONG-TERM
PROTECTION TO DISEASES.**

**KEEP THEM SAFE
AND HEALTHY AS
THEY GROW.**
